

WEST END TAVERN

NOW OFFERS IN-HOUSE DELIVERY!

THAT'S A GREAT THING FOR YOU AND A GREAT THING FOR US. HERE'S WHY.

- **Third-party delivery isn't profitable for restaurants.** Did you know that delivery apps take a portion of revenue from restaurants? As you can imagine, this makes it even harder for us to keep our doors open.
- **Higher safety regulations and higher standards.** With in-house delivery, we own the entire process—from cooking your meal to packaging it up to delivering it, contact-free, right to your doorstep.
- **Our own people.** Creating our own delivery process allows us to retain and hire more staff. More jobs = 😊
- **Less fees.** We charge a flat \$5 fee for delivery, saving you \$\$ and we're waiving delivery fees every Tuesday!
- **Booze, delivered.** Unlike the third-party apps, we can bring our own fresh craft brews & cocktails right to you!
